

RICO REYNALDO

Data Analyst | Software Engineer | IT Support

ricoreynaldo02@gmail.com | 082133615646 | Purwokerto | Indonesia |

SUMMARY

Informatics Engineering graduate with strong expertise in Python, data analysis, and YOLO-based computer vision. Experienced in managing and validating academic research data, with a detail-oriented and analytical approach to supporting data-driven institutional performance and decision making.

OBJECTIVE

Data Analyst with strong capabilities in data analysis and data management, supported by proficiency in Python programming. Experienced in working with complex datasets, evaluating system performance, and developing computer vision solutions using YOLO-based object detection, as well as building data visualization and system interfaces. Detail-oriented and analytical, with a strong interest in data-driven decision making and system optimization.

PROFESSIONAL EXPERIENCE

ad hoc SINTA Acceleration

Dec 2025 - present

Universitas Muhammadiyah Purwokerto. Banyumas - Central Java; Onsite..

Accomplishments :

1. Managed and validated academic research data to ensure accuracy and support improvement of lecturers' and institutional SINTA performance.
2. Analyzed and standardized research metadata to enhance data quality and reliability for performance evaluation.
3. Applied strong data management and analytical skills to support data-driven institutional decision making.

Software Development

Apr 2025 - Jul 2025

Universitas Muhammadiyah Purwokerto. Banyumas - Central Java; Hybrid..

Accomplishments :

1. Developed a real-time human detection system using YOLOv8.
2. Designed to identify human movements through live CCTV streams.
3. Built an interactive GUI with PyQt5 for visualization.
4. Evaluated model performance offline using the COCO val2017 dataset.
5. Applied mAP@0.5, Precision, Recall, and F1-Score as evaluation metrics.
6. Aimed to build an efficient and user-friendly security support system for real-time surveillance.

Web Development

May 2024 - Jun 2024

AD Fotografi. Banyumas - Central Java; Onsite/Hybrid..

Accomplishments :

1. Developed a web-based booking platform for AD Fotografi.
2. Enabled real-time photo session scheduling and online reservations.
3. Improved skills in full-stack development and system integration.

Web Designer

Jul 2023 - Aug 2023

Kantor Kepala Desa Simpur. Pemalang - Central Java; Onsite..

Accomplishments :

1. Created and managed the official village website using WordPress.
2. Designed an informative, responsive, and accessible website for public use.
3. Configured themes and plugins based on the village's requirements.
4. Updated content regularly and optimized website performance.

- 5. Ensured the design reflected the village’s identity and supported public communication.
- 6. Presented the website to the residents of Simpurn Village.

Packaging Designer

Nov 2022 - Dec 2022

Ataraxia Eau de Parfume. Surakarta - Central Java; Online..

Accomplishments :

- 1. Worked as a designer for the Ataraxia perfume brand.
- 2. Created elegant, modern, and exclusive perfume packaging.
- 3. Developed visual concepts and selected design elements to strengthen brand identity.
- 4. Focused on aesthetics and market appeal to enhance product value.
- 5. Delivered a distinctive and professional packaging design reflecting the brand’s uniqueness.

EDUCATION

Bachelor of Informatics Engineering

Sep 2020 - Aug 2025

Universitas Muhammadiyah Purwokerto. Banyumas - Jawa Tengah.

COURSES AND CERTIFICATES

Programmer

Sep 2024 - Sep 2027

Badan Nasional Sertifikasi Profesi. Banyumas; Onsite..

Certified in software programming, demonstrating the ability to design, develop, and implement applications according to industry standards. This certification validates professional competence in problem analysis, algorithm design, coding, testing, and documentation to ensure efficient and reliable software solutions.

English - Intermediate Level

Sep 2022 - Sep 2027

Language Development Center UMP. Purwokerto - Banyumas; Onsite..

Certified at the Intermediate level of English proficiency, demonstrating solid skills in reading, writing, listening, and speaking. Able to communicate effectively in both formal and informal contexts, comprehend technical materials, and produce clear written and spoken English suitable for academic and professional environments.

SKILLS

- Data Analyst
- AI
- Computer Vision
- JavaScript
- LAN
- Maintenance
- SQL
- Microsoft Office (Word, Excel, Power Point)

LANGUAGES

- Bahasa Indonesia (Fluent)
- English (Intermediate)
